In urgent situations, it's crucial to inform and instruct those who need to know instantly. Traditional communication tools often fail to grab attention due to information overload, remote workers who are hard to contact, and other factors that cause crucial messages to get lost in the noise. Our Desktop Alerts offer the perfect solution to instantly notify and inform your team, ensuring that no message goes unnoticed.

High visibility

Alerts appear over all applications, capturing attention and ensuring no one misses important information.

Inform Fast

Deliver messages across the organization within seconds, ensuring everyone with a PC is informed immediately.

Prompt action

Include CTA buttons for feedback or further information, prompting employees to take the necessary actions.

Try it yourself

Take a quick guided tour and experience how it works. It only takes a few minutes.
