

Reach everyone with the Employee App

Share information through articles on the Employee App for PCs and mobile devices to make sure desk-bound, frontline and remote employees are informed and engaged on their personal device.

Informing and engaging all employees, especially non-desk and remote workers, is a significant challenge. Traditional communication methods, and even many modern ones, often fall short in effectively reaching the hard-to-reach employees. Meet the Netpresenter Employee App—a single point of information and engagement for everyone, everywhere.

Inform everyone

Create a single point of information to provide important company news, information and more to all employees.

Boost engagement

Facilitate two-way communication and maximize engagement through interactive features.

Drive action

Stimulate desired behavior through call-to-action buttons, hyperlinks, attachments, and more.

Try it yourself

Take a quick guided tour and experience how it works. It only takes a few minutes.
