Organizations often have employees who are on the move, work off-site, or lack access to intranet, email, or apps. Reaching them with important information on time can be a real challenge. Especially during crises or when urgent updates are needed, speed is critical. Employee SMS overcomes these barriers and ensures that messages are always seen; no matter the person, location, or internet connection.

Reach everyone fast

Send messages that are always seen quickly, regardless of person, location, or digital skills.

Communicate easily

Inform small teams or thousands of employees at once, depending on the situation and target audience.

Inform reliably

Keep communicating, even in crisis situations where other channels are down or unreachable.

Try it yourself

Take a quick guided tour and experience how it works. It only takes a few minutes.
