Traditional communication methods like email often fail to reach employees. Inboxes are perpetually overflowing, remote workers are hard to contact, and crucial messages frequently get lost in the noise. A Corporate Screensaver offers the perfect solution to actively reach employees and bring crucial information to their attention effectively.

Push communication

Make a lasting impact by shifting from pull to push communication, bringing information directly to every desk employee.

Inform gently

Bring information effectively to employees without distracting them from their day-to-day work.

Communicate visually

Deliver information in a visually attractive way to grab attention and stimulate communication engagement.

Try it yourself

Take a quick guided tour and experience how it works. It only takes a few minutes.
